Guidance

["Case Made!: 10 Powerful Leadership Principles that Win Hearts, Change Minds, and Grow Impact,"](#) by Dr. Tiffany Manuel, describes Strategic CaseMaking™ as an evidence-based approach for systems change strategy.

Explore [CHR&R 2023 measures](#) including those referenced in the webinar.

Guest Resources

Dr. Tiffany Manuel, President and CEO, The CaseMade

- [Building The Will](#), a monthly publication from TheCaseMade, offers tips to implement community change.
- Case Western Reserve University has compiled a series of [essays about influence and power in mixed-income interventions](#) and how to broaden the range of beneficiaries from mixed-income communities.
- Learn about [vocabulary of the Redress Movement](#) to undo racial segregation.
- Learn from the The CaseMade's [training opportunities](#).
- Stay in touch with The CaseMade:
 - [Subscribe to their newsletter](#)
 - [Follow them on Instagram](#)

- [Follow them on Twitter \(X\) @TheCaseMade](#)
- [Follow them on LinkedIn](#)

Discussion Group Resources

- [Health Impact Assessment \(HIA\)](#) is a tool to examine the potential health consequences of decisions made in sectors such as built environment, education, and others, and makes recommendations about how to improve health and equity.
- [SOPHIA: the community of HiAP professionals](#) offers HIA examples and organizations and individuals interested in HIA and Health in All Places.
- [The Redress Movement](#) works in partnership with local communities to repair harm caused by policies that segregate communities.

Healthy Places by Design Resources

- [Healthy Places by Design](#) facilitated the post-webinar discussion group. Their [Community Action Model](#) was developed with insights from more than a dozen years supporting successful community health initiatives and a deep understanding of the community change process.
