

WEBINAR GUEST BIOS

Segregation: a threat to equity

August 22, 2023

The webinar guests provided the following bios for you to learn more.

Dr. Tiffany A. Manuel
President and CEO
TheCaseMade

DrT (as she prefers to be called) is a dynamic speaker, bestselling author and the president and CEO of TheCaseMade, an organization dedicated to helping leaders powerfully and intentionally make the case for systems change. In her role at TheCaseMade, DrT works with hundreds of passionate social changemakers, innovators and adaptive leaders around the United States who are building better, stronger communities that are diverse, equitable and inclusive. By aligning their community stakeholders around the kind of deep systems changes that can improve population outcomes, these leaders are able to grow their impact, scale their programs, and harness the investments they need to improve their communities. DrT grew up in Detroit, Michigan during one of the most turbulent times in the city's history. It was because of the challenges of that experience that she champions better policy, programs, investments and services that can transform our cities and communities for the better. It is also the reason that DrT has worked to expand opportunity, equity and inclusion through 25+ years of professional and volunteer experience spanning the private and non-profit sectors, government and academia.

Trained as a social scientist in quantitative and qualitative methods, she is a self professed “data, policy, and messaging wonk!” She is passionate about translating the insights harvested from her research and practice to improve our ability to build public will around the critical issues that matter most.

She holds doctorate and master's degrees in public policy from the University of Massachusetts Boston, a master's degree in political science from Purdue University and a bachelor's degree

County Health Rankings & Roadmaps

Building a Culture of Health, County by County

from the University of Chicago.

DrT has served on numerous nonprofit and social-impact boards and is a lifetime member of Delta Sigma Theta Sorority, Incorporated, an African American public service sorority.

Dr. Christine Muganda Data and Analytics team leader County Health Rankings & Roadmaps

Dr. Christine Muganda leads the Data & Analytics Team within County Health Rankings & Roadmaps. In this role, she directs incorporation of the best available data into measures of community health to guide local action.

Prior to joining the County Health Rankings, Dr. Muganda worked as a population health data specialist and as an epidemiologist at the Wisconsin Department of Health Services. Dr. Muganda holds a PhD in Population Health from the University of Wisconsin.
